

7" Rotary Sander with Dust Collection Sands Directly to the Edge

- Large sanding disc, high speed – high removal efficiency
- Designed for sanding wood stairs, floors and siding up to the edge – also for drywall, plastics and soft aluminum
- Lightweight – only 6 lbs. – work safely with less effort
- Vacuum connection for use with CS Unitec's CS 1225 or CS 1500 dust collection vacuum systems and other industrial vacuums

Edges

The ERS 180 is ideal for sanding coated wood surfaces – especially stairs, floors and clapboard. It also works on plastics, fiberglass and soft aluminum. Slide rollers guide sanding along the edge of the surface quickly and cleanly.

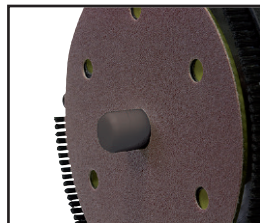

- Hole-punched sanding discs, backing pad and use of a vacuum reduce airborne dust for a cleaner and safer work environment
- Slide rollers guide sander along the edge and protect sanding disc for clean removal of coatings
- Variable speed dial with a lock-on button for continuous use

Perfect for sanding stairs and floors

Special guide rollers and dust hood permit sanding along the edge of the surface.

Centering pin allows for fast and easy attachment of Hook & Loop sanding disc. Centering keeps the abrasive balanced during sanding.

Model ERS 180

Motor Power	6 AMP/110 Volt
Disc Diameter	7"
Variable Speed	0-2300 RPM
Weight	6 lbs.

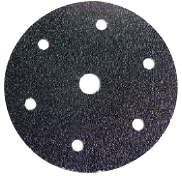

Note: Specifications subject to change. Refer to Owner's Manual for operating instructions.

7"	80	37652
7"	120	37653

Zirconium (Z)

For sanding thick coatings, paint, fiberglass and plastics

Size	Grit	Order no.
7"	24	37655
7"	40	37656
7"	80	37657

Silicon Carbide Disc (SC)

For sanding plasterboard and fine sanding

Size	Grit	Order no.
7"	100	37661

Sanding Disc with Hook & Loop backing for intermediate sanding of colors, varnishes and roughing surfaces (5/pk.)

Non-woven (NW)

Size	Grit	Order no.
7"	180	37665

Centering Pin

Lines up center hole for easy alignment of sanding disc

Order no.	37668
-----------	-------

ERS 180 Standard Equipment includes:

- 1 each sandpaper (SC) – 24, 40, 80 grit
- 1 sanding disc (NW) – 180 grit
- 1 centering pin
- 1 carrying case

Dust Collection Vacuums

- Dust collection vacuums can provide a clean, dust-free environment.
- The "Power Take-off" outlet activates ON/OFF from the tool switch, making these vacuums ideal for use with power tools.
- Electromagnetic Pulse Cleaning System maintains maximum airflow and suction. Self-cleaning is automatically activated when filters are dirty.
- Two filters – polyester, washable.
- 99.93% filtration efficiency. Optional HEPA filters (99.97%/0.3 microns) are available.
- Collects dust 3 ways:
 - Without filter bag – dust goes directly into tank
 - With plastic filter bag for collecting fine dust for safe disposal
 - With paper filter bag for normal dust and soot

CS 1225

6.6 Gallon Capacity
Wet / Dry Vacuum

CS 1500

13 Gallon Capacity
Wet / Dry Vacuum

Vacuum Y-splitter available for use with two tools

Side handle mounts on right or left side
