

9" Drywall Sander with Dust Collection Sands Directly to the Edge

- Sand drywall seams quickly and cleanly before painting, plastering or decorating
- 9" disc diameter is ideal for sanding large areas
- Lightweight – only 6 lbs. – operate longer with less fatigue
- Vacuum connection for use with CS Unitec's CS 1225 or CS 1500 dust vacuum systems and other industrial vacuums
- Telescopic rod available for high walls and ceilings

The ETS 225 drywall sander prepares wall and ceiling seams with a smooth finish quickly and cleanly. Special handle design and light weight allow the ETS 225 to be guided easily for long periods of time on walls, as well as overhead on the ceiling.

- 9" pad for sanding large surface areas
- Dust collection reduces airborne dust for a cleaner and safer work environment
- Special dust hood permits sanding into corners
- Variable speed dial and a lock-on button for continuous use
- Also for sanding wood floors, boats, vehicles, containers and other applications

Model ETS 225	
Motor Power	6 AMP/110 Volt
Disc Diameter	9"
Variable Speed	0-2300 RPM
Weight	6 lbs.

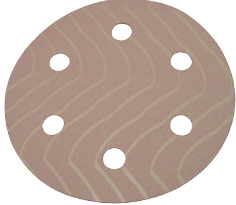

Note: Specifications subject to change. Refer to Owner's Manual for operating instructions.

Dust Collection Vacuums

- Dust collection vacuums can provide a clean, dust-free environment.
- The "Power Take-off" outlet activates ON/OFF from the tool switch, making these vacuums ideal for use with power tools.
- Electromagnetic Pulse Cleaning System maintains maximum airflow and suction. Self-cleaning is automatically activated when filters are dirty.
- Two filters – polyester, washable.
- 99.93% filtration efficiency. Optional HEPA filters (99.97%/0.3 microns) are available.
- Collects dust 3 ways:
 - Without filter bag – dust goes directly into tank
 - With plastic filter bag for collecting fine dust for safe disposal
 - With paper filter bag for normal dust and soot
