

MODEL A 20/4 9" Cut-Off Saw

OPERATING MANUAL

SAFETY INSTRUCTIONS

Recommended by EPTA

Please read and save these instructions

WARNING! When using electric tools basic safety precautions should always be followed to reduce the risk of fire, electric shock and personal injury, including the following.

Read all these instructions before attempting to operate this product and save these instructions.

For safe operation:

- 1. Keep work area clean** — Cluttered areas and benches invite injuries.
- 2. Consider work area environment** — Do not expose power tools to rain. Do not use power tools in damp or wet locations. Keep work area well lit. Do not use power tools in the presence of flammable liquids or gases.
- 3. Guard against electric shock** — Avoid body contact with earthed or grounded surfaces (e.p. pipes radiators, ranges, refrigerators).
- 4. Keep children away** — Do not let visitors touch the tool or extension cord. All visitors should be kept away from work area.
- 5. Store idle tools** — When not in use, tools should be stored in a dry, high or locked up place, out of reach of children.
- 6. Do not force the tool** — It will do the job better and safer at the rate for which it was intended
- 7. Use the right tool** — Do not force small tools or attachments to do the job of a heavy duty tool. Do not use tools for purpose not intended; for example, do not use circular saws to cut tree limbs or logs.
- 8. Dress properly** — Do not wear loose clothing or jewelry, they can be caught in moving parts. Rubber gloves and non skid footwear are recommended when working outdoors. Wear protective hair covering to contain long hair.
- 9. Use safety glasses** — Also use face or dust mask if cutting operation is dusty.
- 10. Do not abuse the cord** — Never carry the tool by the cord or yank it from the socket. Keep the cord away from heat, oil and sharp edges.
- 11. Secure work** — Use clamps or a vice to hold the work. It is safer than using your hand it frees both hands to operate the tool.
- 12. Do not overreach** — Keep proper footing and balance at all times.
- 13. Maintain tools with care** — Keep tools sharp and clean for better and safer performance. Follow instructions for lubricating and changing accessories. Inspect tool cords periodically and if damaged have repaired by an authorised service facility. Inspect extension cords periodically and replace if damaged. Keep handles dry, clean and free from oil and grease.
- 14. Disconnect tools** — When not in use, before servicing and when changing accessories such as blades, bits and cutters.
- 15. Remove adjusting keys and wrenches** — Form the habit of checking to see that keys and adjusting wrenches are removed from the tool before turning it on.
- 16. Avoid unintentional starting** — Do not carry a plugged - in tool with a finger on the switch. Ensure switch is off when plugging in.
- 17. Use outdoor extension leads** — When tool is used outdoors, use only extension cords intended for outdoor use and so marked.
- 18. Stay alert** — Watch what you are doing. Use common sense. Do not operate tool when you are tired.
- 19. Check damaged parts** — Before further use of the tool, a guard or other part that is damaged should be carefully checked to determine that it will operate properly and perform its intended function. Check for alignment of moving parts, binding of moving parts, breakage of parts, mounting and any other conditions that may affect its operation. A guard or other part that is damaged should be properly repaired or replaced by an authorised service centre unless otherwise indicated in this instruction manual. Have defective switches replaced by an authorised service centre. Do not use tool if switch does not turn it on and off.
- 20. Warning** — The use of any accessory or attachment, other than recommended in this instruction manual may present a risk of personal injury.
- 21. Have your tool repaired by a qualified person** — This electric tool is in accordance with the relevant safety rules. Repairs should only be carried out by qualified persons using original spareparts otherwise this may result in considerable danger to the user.
