

## TFP200 SCARIFIER

### 2022 NEW PRODUCT IMPROVEMENTS

#### NEW 2022 FEATURES

Electrical isolator

Rear mounted starter box enclosure

Handle integrated start button

Tool & Vacuum System Compatible

**NEW!**  
**120V**  
**1-PHASE**  
**ELECTRIC**

## NEW! 120V 1-PHASE TFP200 NOW AVAILABLE

**EVERY TFP200 SCARIFIER INCLUDES MOUNTED DRUM AND CUTTERS**

**Max. Cutting Depth**  
**1/8" per pass**

**Cutting Width**  
**8"**

#### TFP200 Electric

320.2342T	Motor: 120V, 50/60 Hz, 1-Ph, 1.5 HP	149 lbs.
320.2404T	Motor: 230V, 50/60 Hz, 1-Ph, 3 HP	149 lbs.
320.2406T	Motor: 400V, 50/60 Hz, 3-Ph, 3 HP	149 lbs.

#### TFP200 Pneumatic

320.2012T	Motor: 165CFM @ 90 PSI, 3.5 HP	99 lbs.
-----------	--------------------------------	---------

#### TFP200 Gas

320.2000T	Motor: Honda GX160 Gas, 5.5 HP	130 lbs.
-----------	--------------------------------	----------

Machine dimensions are 14" w x 35" l x 35" h.

## TYPICAL APPLICATIONS

- Remove and profile concrete
- Trip hazard removal
- Removal of paints, dirt and ice deposits
- Removal of roofing materials
- Removal of line markings
- Removal of coatings & scale from steel

**TVS** Use with Dust Control System

## DRUM OPTIONS

**TCT Cutter Drum**

High performance concrete planing

**Star Cutter Drum**

Paint & coatings

**Beam Cutter Drum**

Light profiling

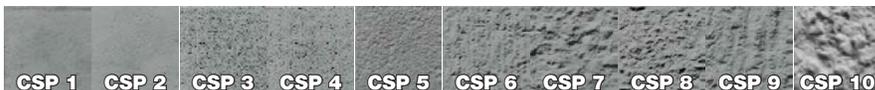

**Wire Brush Drum**

Light surface & steel finishing

**Level and profile concrete, as well as remove coatings, epoxies and more**

**NEW!**  
**120V**  
**1-PHASE**  
**ELECTRIC**

CS Unitec's Trelawny™ Floor Scarifiers tackle the most demanding surface preparation and material removal jobs. The TFP200 is ideal for planing concrete and asphalt surfaces. With a purpose-built design and optimal weight distribution, the TFP200 scarifiers maintain high productivity with excellent maneuverability and reduced user fatigue.

**Electric**  
120V, 1-Ph  
230V, 1-Ph  
400V, 3-Ph

**Gas**

**Air**

## TFP200 Scarifiers

**Max. Cutting Depth**

**1/8" per pass**

**Cutting Width**

**8"**

## Every TFP200 Scarifier includes mounted drum and cutters

### Benefits:

**High Durability:** Rigid steel chassis, robust webbed drum assembly, impact-resistant, enclosed electronics

**Economical:** Pre-mounted hassle-free drums – ready to run! Engineered for continuous use, simple operation and low maintenance

**Increased Safety:** Hold-to-run switch, offset vacuum port

**Productivity & Versatility:** 1/8" depth of cut, high production and removal rates, 6+ cutter options, quick-change drums

**User Comfort:** Comfort grips, easy access controls, increased leverage and maneuverability

**Accuracy:** Fine adjustment for precise depth control, cutting depth lock for consistency, compact design for tight spaces

### Ideal for small to medium-sized jobs:

- Use on concrete, asphalt, stone, metal, steel and more
- Remove coatings, epoxies, paint, traffic/parking lot lines, thermoplastics, carpet adhesives, and more
- Level concrete, asphalt, and stone. Reduce sidewalk heaves/trip hazards and level high spots
- Roughen/plane concrete, asphalt and stone
- Create keyed, grooved profiles or non-slip surfaces
- Remove paint, rust, scale, and more

### TFP200 Electric

\* Beam, Star, Milling and TCT Cutters are compatible with other manufacturers' models.

**Wire Brushes:** finish cleaning and polishing on steel; removing light concrete deposit.

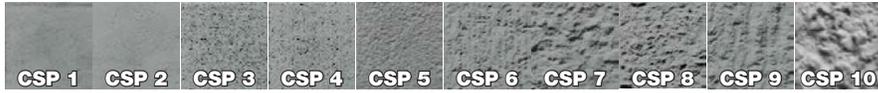

**Beam Cutters:** light paint/corrosion removal, minimal damage to substrate.

**Star Cutters:** removal of mastics and rubberized coatings.

**Tungsten Carbide-Tipped (TCT) Cutters:** aggressive applications such as roughing concrete, heavy corrosion removal, and grooving roadways for non-slip surface.

**Milling Cutters:** removal of plastic road markings without penetrating the surface.
